MORE INFORMATION

A. **French Requirement**

Since July 2023, to obtain the **Attestation of College Studies (ACS), students are required to:**

- Prove French proficiency by doing recognized government exams
- Exams at accredited centers (student's responsibility)
- French as a Second Language courses available at the college
- More information here

⚠ The ACS is not required to obtain Transport Canada licenses but it is an asset.

B. **Tuition & Financing**

- Programs eligible for government financial aid programs
- Application takes ~2 months (apply early)
- Tuition must be covered before program start
- More information here

C. **Housing** 🏠

- Residences available near the college.
- More information here

✉ **Questions?** admission@selectaviation.com

What is the Attestation of College Studies (ACS)?

An Attestation of College Studies (ACS) — also called Attestation d'études collégiales (AEC) in French — is a postsecondary certificate issued by a public or private college in Quebec, Canada. It is not a diploma, but an official recognition of completing a specialized training program that is generally shorter and more career-focused than a traditional college diploma.

Is the Attestation of College Studies Necessary to Work for an Airline?

No, an Attestation of College Studies (ACS) is not mandatory to work for an airline — what is required are the appropriate Transport Canada pilot licenses and ratings. However, completing an ACS is considered an asset by airlines during the hiring process. It is a highly respected and valued program within the industry.

How to Obtain the Attestation of College Studies?

To successfully obtain your **Attestation of College Studies (ACS)**, here's what you'll need to complete:

✅ 1. **Complete all Program Courses**

You must pass **all program courses** with a **minimum grade of 60%**.

✈️ 2. **Obtain the Required Licences and Endorsements**

Depending on your aviation program, specific licences and endorsements are required:

- **EWA.1F – Commercial Air Transport Pilot – Integrated ATPL**
  Frozen Airline Transport Pilot Licence (ATPL)
  Night Rating
  Instrument Rating
  Multi-Engine Rating
- **EWA.16 – Commercial Air Transport Pilot – Airplane**
  Commercial Pilot Licence (CPL)
  Night Rating
  Instrument Rating
  Multi-Engine Rating
- **EWA.18 – Commercial Air Transport – Bush**
  Commercial Pilot Licence (CPL)
  Night Rating
  Seaplane Rating
- **EWA.1G – Commercial Air Transport Pilot CPL Helicopter**
  Commercial Pilot Licence (CPL)

🇫🇷 3. **Meet the French Language Requirement**

Since **July 1, 2023**, French language proficiency is required for all students graduating from an AEC program in Québec. This ensures graduates are well-prepared to work and thrive in Québec's French-speaking environment.

Minimum Required Proficiency (Québec Scale):

- Oral: Level 7
- Written: Level 4

📘 3.1 **Ways to Demonstrate Your French Proficiency**

You are considered to have met the requirement if you meet any of the following criteria:

- Hold a **DES or DEP from Québec** completed in French.
- Hold a **DES in English from Québec** and passed the Grade 11 "Français, langue seconde" course.
- Completed an **AEC fully offered in French** in Québec.
- Hold a **DEC or university diploma** from a French-language program in Québec.
- Completed a **French-language program outside Québec** equivalent to a DEC or university diploma.
- Completed **3 years of full-time studies in French in Canada** (secondary or postsecondary level).
- Passed the **Office québécois de la langue française (OQLF)** exam for professional orders.
- Lived in or are from an **Indigenous reserve or community** as defined by Québec law.

3.2 Accepted Standardized French Language Tests

If you don't meet one of the criteria above, you can also demonstrate your proficiency by taking one of the standardized French tests recognized by the **Ministry of the French Language, Ministry of Higher Education**, and **Ministry of Immigration, Francisation, and Integration (MIFI)**. These include:

- **TEFAQ** – Test d'évaluation du français adapté pour le Québec (CCIP-IDF)
- **TCF Québec** – Test de connaissance du français pour le Québec (France Éducation International)
- **TCF Canada** – Test de connaissance du français pour le Canada
- **TEF** – Test d'évaluation du français (CCIP-IDF)
- **TEF Canada** – Test d'évaluation du français pour le Canada
- **TCF** – Test de connaissance du français (general version)
- **DELF** – Diplôme d'études en langue française
- **DALF** – Diplôme approfondi de langue française

3.3 Validity of Test Results

These tests are valid for a limited time. However, if your certificate was **valid at the time of admission**, it will remain **recognized for graduation purposes**, even if your studies extend beyond the original validity period.

Once you've demonstrated the required **oral (level 7)** and **written (level 4)** proficiency, **you will not need to retake the test**.

3.4 Exemptions

Students who received their college education in **English** and were declared eligible under **Section I of the Charter of the French Language** are **exempt** from this requirement.

3.5 Why this matters

These measures are designed to help you integrate confidently into Québec society and maximize your career opportunities in a bilingual and multicultural environment.

PRICING INFORMATION

Tuition Fees Inclusion

- Theory courses, flight hours and simulator hours defining the program.
- Fuel costs and airport taxes for all training (dual) flights.
- Fuel costs and airport taxes for time-building (solo) flights required to obtain licenses are included in the training price (150NM and 300NM). Depending on the student's choice, some other time-building flights may have to be paid for. However, there is always a free option available.
- Normal aircraft maintenance costs.
- Group tutoring.
- 6 aviation related conferences and activities.

Accessory Fees Inclusion

- Student uniform, reference books and ground school materials.
- Useful services: tutoring services, educational documents, student ID card, etc.
- Student pilot permit.

Exclusion From The Tuition Fees[1]

- Transport Canada flight and written test fees.
- An aviation language assessment test and application to the licenses and qualifications obtained in the program covered by this contract.
- Category 1 medical certificate and any renewals.
- Aviation headset.
- A recent version of a tablet (example: iPad).
- Navigation map updates and flight supplements.
- Dark formal pants for uniform.
- Dark formal shoes for uniform.
- Fees related to the immigration process, both initial and renewal/extension, if applicable.
- Costs related to Transport Canada reassessments and re-examinations, written or in-flight, complete or partial, if applicable.
- Costs related to additional theoretical or practical courses made necessary by the student's academic background, if applicable.
- Fees for late cancellations, late arrivals, no-shows or preparation deemed insufficient by the instructor for a practical course (flight and simulator), if applicable.
- Fees related to cleaning, repairing or recovering an aircraft left at an airport other than the Gatineau airport due to negligence on the part of the student, if applicable.
- Administrative fees for group, cohort or program change, if applicable.

[1]Underlined items are mandatory for the program

1717 Rue Arthur-Fecteau, Gatineau, Qc, Canada, J8R 2Z9
+1-819-850-0909

Terms Of Payment

Tuition fees are to be paid in six installments. These installments are scheduled on fixed dates and are independent of the student’s academic progress. Students will receive a payment schedule, included in their educational services contract, outlining the tuition fee installments.

For the purposes of Article 73 of the Act Respecting Private Education, the price of services rendered is calculated per hour. All college activities are billed at a single rate.

Default Of Payment

The college reserves the right to suspend the ground or flight training of any student whose portion of the basic tuition fees or any other fees for additional services and goods remain unpaid after the due date. To this end, the student agrees that if he/she is in default or late in paying the college all or part of any sum due or amount due under the terms of this Contract, he/she will not be able to be recognized and assigned the ground or flight training courses and hours required to obtain the attestation of college studies covered by the Contract as long as such default or late payment persists and has not been remedied. In addition, regardless of the student's level of progress in his or her training program, the college may suspend the student's training (ground and air) and withhold the issuance or any attestation, college study or diploma attesting to the student's successful completion of training as long as such default or delay persists and has not been remedied.

The college has the right to charge interest for any late payment on any sum or amount due under this Agreement at the rate of 24% per annum until such sum or amount is paid in full, without prejudice to any other remedy that may be available under the law or under this agreement.
